PROFESSIONAL SUMMARY

Fresh accounting graduate from Imam Abdulrahman Bin Faisal University (IAU) and a Misk Fellowship alumna, recently completed my Co-op Training at ArcelorMittal Tubular Products Jubail (AMTPJ) within the Financial Reporting and Consolidation department. Seeking an accounting role where I can further refine my skills while continuing to grow and develop professionally.

EDUCATION

Bachelor of Accounting — Imam Abdulrahman Bin Faisal University **2026**
Academic status: *Very Good*

PROFESSIONAL EXPERIENCE

ArcelorMittal Tubular Products Jubail (AMTPJ) | COOP Training **June 2026 – October 2026**
Financial Reporting and Consolidation

- Supported financial reporting and consolidation activities within the Finance function.
- Assisted with account reconciliations and analysis of financial information.
- Prepared and analyzed financial data using Microsoft Excel and SAP.
- Supported month-end and financial reporting processes.
- Analyzed financial statement accounts and investigated variances.

Tax

- Supported the end-to-end Withholding tax (WHT) monthly filing process
- Reviewed input and output value added tax (VAT) transactions and reconciliations
- Reviewed drafted transfer pricing (TP) local files to ensure company data alignment with transfer pricing documentation requirements
- Withholding Treaty Project: researched deduction applicability to identify potential tax savings through treaty benefits recognized by ZATCA
- Developed Tracker & Interactive dashboard looping the AP team to ensure invalid invoices from vendors were corrected per ZATCA requirements.

COURSES & CERTIFICATIONS

ACCA Diploma in International Financial Reporting (DipIFRS)
—In progress

SOCPA Student Membership
— 2026

SAT Advanced Course — 2020
King Abdullah University of Science & Technology (KAUST)

RESEARCH & PROJECTS

IFRS 18 Implementation Project **2026**

- Led the assessment of the new IFRS requirements and their potential impact of AMTPJ's financial reporting including the revision of the company's existing financial statements and their mapping to IFRS 18 categories, which I presented to the internal Finance management, and DCFO

Graduation Project: Corporate Governance & Accounting Quality — Imam Abdulrahman bin Faisal University **2026**

- Conducted research on the impact of corporate governance principles on the reliability and transparency of accounting data in Saudi Arabian firms.

Capstone Summer Project: Environmental Awareness — UC Berkeley, California **2018**

- Drafted a project proposal with National Geographic at UC Berkeley focused on increasing environmental sustainability among Saudi youth.

PROGRAMS & EXTRACURRICULARS

Misk Fellowship Program | Alumna **2018 – 2020**

- Competitively selected for a multi-year fellowship dedicated to developing high-potential Saudi youth to prepare for international academic opportunities.

Leadership Development Programme | Royal Military Academy Sandhurst, UK **2018**

- Completed an intensive summer program through a challenging bootcamp, focused on taking lead in high pressure scenarios, and team cohesion.

Technology and Innovation Workshop | Silicon Valley, California **2018**

- Explored innovation ecosystems and emerging technologies through a National Geographic summer program.
